

EU Contest for Young Scientists (EUCYS)

National organisers

16-05-2025

Research and
Innovation

EUCYS : National organisers

EUCYS National Organisers are responsible for submitting applications and for all communication with the Commission regarding their national science contests.

All contestants will be accompanied to the EU Contest for Young Scientists (EUCYS) by their National Organiser, or by an adult in charge appointed by the National Organiser. The National Organiser, as the principal contact in all participating countries, will assure liaison between the contestants and the EU Contest in all matters concerning the Contest.

National Organisers and/or adults in charge, together with their contestants, constitute their respective country's official delegation and are the only ones that can enjoy access to all public and private events associated with the Contest.

National Organisers assume responsibility for the well-being and behaviour of their party.

They:

- ensure that their party travels with adequate health, accident and travel insurance that covers them for their travel and during the Contest;
- handle the linguistic or other problems that may arise during the Contest or in relation to associated activities;
- ensure that they have their own measures in place to assure their party's behaviour remains beyond reproach.

Participants from the countries listed below are eligible to participate at EUCYS assuming they meet all the criteria laid down in the EUCYS Rules and Guidelines.

Member States of the EU and the European schools

Austria – ÖSTERREICH

Jana BREYER

Austria Wirtschaftsservice GmbH
Walcherstraße 11A, A-1020 Vienna
